

SMART SOLUTIONS FOR YOUR SAVINGS

COMPARISON:

TRADITIONAL SAVINGS ACCOUNT VS BRIDGE SAVINGS ACCOUNT

Bridge Smart: Medium-Term Savings

Ideal for those who want to achieve specific financial goals within a 3 to 5 year horizon. Whether you're planning to buy a car, finance education, start a business, or renovate your home, Bridge Smart is the perfect option for you.

- **Term:** 60 months
- **Annual Return Rate:** 18%
- **Growth Example:** Start with \$100 and watch your balance grow to \$9,272.16 in 5 years.

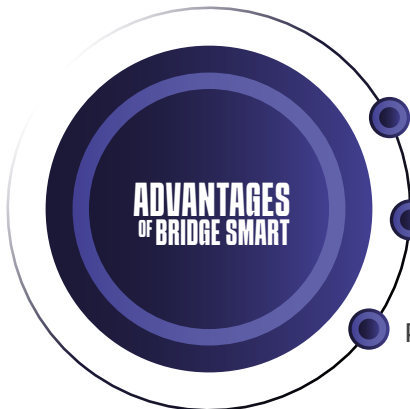

Why Bridge Savings?

Superior Returns: Our savings product offers annual returns of up to 20%, far above traditional savings accounts.

Flexibility and Access: No restrictions to withdraw your money when needed, with no penalties.

Dollar Protection: Ensure that your savings maintain their purchasing power over time.

Exponential Growth: Thanks to compound interest, your money keeps growing with no additional effort.

Consistent and superior returns compared to traditional savings accounts.

Total flexibility: choose savings amounts from \$50 to \$3,000 based on your financial capacity.

Protected in dollars, ensuring that your savings retain their real value over time.

Bridge Future: Long-Term Savings to Build a Solid Asset

Designed for those with a long-term financial vision, such as securing a comfortable retirement, making a significant investment, or building a financial freedom fund. With Bridge Future, your money grows at a higher rate, ideal for goals of more than 10 years.

- **Term:** 120 months
- **Annual Return Rate:** 20%
- **Growth Example:** With \$100 invested, you could accumulate up to \$33,911.93 in 10 years.

ADVANTAGES OF BRIDGE FUTURE:

Leverage compound interest to maximize your earnings over time.

Protect your savings from inflation and devaluation by being indexed in dollars.

Security and stability guaranteed throughout the entire savings period.
