An astronaut in a full space suit is kneeling on the rocky, cratered surface of the moon. The astronaut is looking towards the left, where a large, curved portion of the Earth is visible against the blackness of space. The Earth's surface shows blue oceans and white clouds. The astronaut's suit is detailed with various equipment, including a large oxygen tank on their back and a helmet with a clear visor. The scene is dramatically lit, with the Earth providing a bright light source from the left, casting long shadows on the lunar surface.

**MONEY IS A POWERFUL TOOL. BUT LIKE ALL TOOLS, IT CAN BE USED TO BUILD OR
DESTROY."**

Suze Orman

An astronaut in a full space suit is walking on the moon's surface. The astronaut is seen from the side, moving towards the right. The moon's surface is dark and dusty, with several footprints visible. In the background, the dark blue and black expanse of space is filled with numerous stars and a faint, glowing nebula. The overall lighting is dim, with a soft glow around the astronaut's helmet and suit.
